Professional Summary

Dedicated Full Stack Developer with hands-on experience in designing and developing scalable web applications using the MERN stack (MongoDB, Express.js, React, Node.js). Proficient in both front-end and back-end technologies including HTML, CSS, JavaScript, React, Redux, Node.js, Express, MongoDB, and RESTful APIs. Skilled in crafting responsive, user-centric UI/UX designs and implementing secure, efficient server-side logic.

Work Experience

TENC Coding Campus & AI Technology | Hisar, India (June 2024 – till now)

- I developed responsive user interfaces and ensuring optimal performance and usability.
- Collaborated with cross-functional teams to meet project requirements and deliver innovative solutions.
- Developed responsive user interfaces and full-stack applications from scratch, ensuring optimal performance and usability
- Built and integrated RESTful APIs to streamline data flow between frontend and backend systems.

Education

Bachelor of Arts (B.A.)
Govt College Hansi, based on GJU University
[March 2018 - July 2021]

Certifications

Certificate of Completion
Radial Code (Sep 2023 - May 2024)
Full Stack Developer
